Batika Indonesia

*Audita Nuvriasari, Ahmad Mukhorrobin, Titik Desi Harsoyo*

Welcome to the inaugural edition of the Asian Journal of Community Services,

In recent years, Asia has experienced rapid social, economic, and technological transformations, which have reshaped the landscape of community services. From urbanization to rural revitalization, migration to environmental sustainability, the issues faced by communities are varied, complex, and deeply interconnected. This journal aims to address these challenges through evidence-based research, innovative practices, and inclusive policies that support and empower communities.

The Asian Journal of Community Services seeks to serve as a vital resource for researchers, practitioners, policymakers, and educators dedicated to enhancing the well-being and social cohesion of communities across Asia. Through interdisciplinary research and cross-cultural collaboration, we hope to foster an environment that promotes dialogue, learning, and the exchange of ideas that drive positive change.

As we present this journal, we invite contributions that reflect the rich diversity of the region, showcasing solutions, strategies, and lessons learned from various corners of Asia. Together, let us contribute to building stronger, more resilient communities for the future.

We look forward to the exciting journey ahead and thank our readers and contributors for their support and involvement.

Happy reading
